

PAID STUDENT PHLEBOTOMY POSITIONS SUMMER 2026

High school students: get paid to kick-start your career in healthcare while still attending school!

- Train full-time for three weeks during the summer before senior year.
- Work at least eight hours per week during your senior year.
- Work with experienced phlebotomy trainers to develop skills in drawing blood specimens* for patient testing.
- Get an initiation into patient care before seeking an advanced degree!

**Patient care is monitored and assisted by medical professionals as students learn.*

What We Offer:

- Paid training with no experience.
- Ability to transition into a phlebotomy job upon graduation.
- Flexible scheduling.
- Hands-on patient contact hours for higher education requirements.

What We Require:

- Minimum age of 17, entering senior year of high school.
- Valid driver's license or reliable transportation.
- An interest in healthcare.

Application Deadline: April 6, 2026

Positions are limited, apply today!

How to Apply:
